Kaleider Requiem

Sunday 16 August 2026
Queen's Park, The Terraces

*A large-scale outdoor performance as part of
Tramway Beyond Walls and Govanhill
International Festival & Carnival*

Kaleider's contemporary requiem for life on this planet combines kinetic installation and an original musical score with structure and sound. Performers construct a monumental form in public as an audience gathers around them. What rituals do we need to face the moment we are living? When we come together, what will we choose to build?
